Unfortunately the date is throughout and there are a few targeted edits to text needed.

Hopefully the date is only on the cover/title pages and not throughout the documents. But I had the two 508 documents ready to go. If you want to provide a new cover/title page we can just switch those out (and any other pages that might have been changed) but not have to re-do the whole document. Once I have the tentative schedule I will build the staging site for the PPRTV page. I think I made some edits on the Drupal page, not sure if you (Beth) have some specific edits you want me to make to a page that we could just prep and then share with the EIC who needs to release them. Let me know if I missed anything.. thanks Maureen

Hey-

Ex. 5 Deliberative Process (DP) We'll need to do some small edits on the PFBS PPRTV and PFAS website documents to get them ready for posting. How best should we move forward? I know we had 508 versions but will need to do small changes now with the timeline shifts.

Thanks!

Hi Teresa,

I have the PPRTV for PFBS final ready for staging, so can you please send me the SI record number from the STICs clearance? I'd like to get the pages all built so they are ready.

Hey Teresa and Maureen-

Small change. I removed all the other managers just for less email traffic for them.

What do you guys think? Sam thought we should be ready to post by 11/11 if we get the go ahead. No idea when we may actually post these.

Thanks

Hey everyone,

Late yesterday we heard that we are put on hold 😞

Ex. 5 Deliberative Process (DP)

What does everyone think? Did I miss anything?

Disappointed, not surprised, but hopefully we'll use the extra time wisely and not have to scramble when we do get to release it.

Thanks everyone for pushing with us,
Beth

Hi Teresa,

I think that would be great. Here is the assessment with the PPRTV version of the preface. This version has the alt text and metadata added. It may just need to get the PPRTV cover and any editing that you guys would want to do.

I'm not sure of the specifics of how Ex. 5 Deliberative Process (DP)

What do you think is a realistic timeline for the PPRTV?

Thanks so much!

Hi Teresa and crew-

Wanted to let you know this is moving fast now. We got word that PFBS has been cleared by ORD, Ex. 5 Deliberative Process (DP) Maureen has started her contractors working on the version that will go on the pfas website. I wanted to see if we could also get the PPRTV version going through the steps too. It's going to be impossible to get the final PPRTV version ready by next Thursday (I'm guessing) but could we get an interim version posted and replaced with the final one? You mentioned Highlight formatting to get the cover – shouldn't need much formatting changes to make it like a PPRTV (we'll have a different preface). We'll need a new PPRTV number, right? Right now it is 600 series.

Thanks all!!

Beth

Just my two cents but if we are making this a PPRTV would you like Highlight to format it as such? Adding the cover page etc. Also this will need an EPA number if it is going to be a PPRTV? We have our own EPA numbering

series. Would be easy to do. I usually send the PPRTVs to Maureen Johnson once all this is done and she and her staff take care of the 508 process and posting. We can certainly also have a call on this too if need be. Thanks.
